EDUCATION

- Edd** Bethel University, Higher Education Leadership January 2019
Dissertation: “The Lived Experiences of Students with High Functioning Autism in Higher Education”
Committee: Jessica Daniels, PhD (chair), Peggy McCormick, PhD, Jamie Stang, PhD
- MMSc** Emory University, Clinical Nutrition December 1987
Thesis: “Effect of oat bran rich diet on lipid levels of children with Methyl Malonic Aciduria”
Advisor: Ruth Keeley, PhD
- BA** Whittier College, Nutrition May 1985

TEACHING EXPERIENCE

University of Minnesota, Minneapolis, MN May 2009 to Present
Instructor, School of Public Health

Courses Taught or being Taught:

- PubH 3601 Global Maternal and Child Health, 2 credits
 - 2019 (Spring)
 - Co-instructor, undergraduate upper division course for students minoring in public health. 150 students enrolled in course.
 - Responsibilities include supervising two Teaching Assistants, planning and delivering five sessions focusing on global disease states and conditions, including designing in-class activities, case studies, and inviting guest speakers. Developing quiz and exam questions for areas covered.
- PubH 7200-115-87986 What’s Cooking: Food, Culture, and health in the U.S., 1 credit
 - 2018 (Summer Public Health Institute)
 - Revised course, served as instructor, invited guests, facilitated discussions, planned two field trips, graded assignments.
- PubH 6907 Maternal, Infant, Child, and Adolescent Nutrition, 3 credits
 - 2017-present (Summer online, and Fall in person)
 - Assisted in the development of this course with Dr. Stang. Planned all learning modules covering child and adolescent topics (approximately 2/3rds of course). Recorded lectures and planned interactive in-class activities for fall course, and discussion topics for summer course.

- PubH 720-115-88047 Food Politics in the U.S.: A Focus on Obesity.
 - 2016 (Summer Public Health Institute)
 - Co-instructor of graduate and professional course. With Dr. Stang, revised course, served as co-instructor, led facilitated discussions, invited guest speakers, and graded assignments.

- PubH 7991 – Directed Studies in Public Health, 2 separate courses/semester, 1 credit each
 - 2016-present
 - CMP Students, Year 1, Fall Semester, 1 credit
 - Developed course to enhance counseling skills, providing intense training in motivational interviewing. Developed 4 case studies for students to use as a culmination of the course, utilizing standardized patients in the simulation lab. Participated in training of standardized patients. Led all instruction/training, evaluated students and provided in-depth feedback on counseling skills with standardized patients.
 - CMP Students, Year 2, Fall Semester, 1 credit
 - Developed course to focus on dietetics-specific competencies not covered in public health curriculum, including risk management, emergency preparedness, scope of practice, standards of practice and professional performance. Designed interactive activities and case studies. Designed group project for students to exemplify acquisition of competencies.
 - CMP Students, Year 1, Spring Semester, 1 credit
 - Developed course to focus on interpretation of basic sciences nutrition research, challenging students to review advanced nutrition and metabolism mechanisms and concepts. Challenge students to translate complex scientific information into messages for the public.
 - CMP Students, Year 2, Spring Semester, 1 credit
 - Developed course to focus on (1) dietetic-specific competencies not covered in public health curriculum, and (2) to guide students toward a future profession in nutrition/dietetics. Course includes skills in public policy and advocacy, job searching, job interviewing, study skills, and information on dietetic registration, licensure, professional development, and leadership in the profession.

- PubH 7200-106-88352 What’s Cooking: Food, Culture, and health in the U.S., 1 credit
 - 2016 (Summer Public Health Institute)
 - Developed new course, served as instructor, invited guests, facilitated discussions, graded assignments.

- PubH 7200-109-83103 Food Politics in the U.S.: A Focus on Obesity, 1 credit
 - 2015 (Summer Public Health Institute)
 - Co-instructor of graduate and professional course. With Dr. Stang, developed course, served as co-instructor, led facilitated discussions, invited guest speakers, and graded assignments.

- PubH 7200-102-87651 No Passport Required: A Global Journey of Food, Culture, and Health, 1 credit
 - 2013 (Summer Public Health Institute)

- Developed new course, served as instructor, invited guests, facilitated discussions, graded assignments.
- PubH 7200-108-85166 Birth, Girth, and Worth: A Lifecourse Perspective on Obesity and Health Disparities, 1 credit
 - 2013 (Summer Public Health Institute)
 - Co-instructor of graduate and professional course. With Dr. Stang, developed course, served as co-instructor, led facilitated discussions, and graded assignments.
- PubH 6914 Community Nutrition Intervention, 3 credits
 - 2013 (Spring semester)
 - Interim co-instructor. Taught graduate level course with contract faculty member, guided students through group projects, reviewed and graded assignments.
- PubH 6920 Foundations of Interprofessional Collaboration and Communication, 1 credit
 - 2012-present, Fall semester
 - Guide a group of 40-50 students from various health professions (medicine, dentistry, nursing, veterinary, social work, speech, occupational therapy, physical therapy, nutrition, public health) through guided activities and discussions to meet interprofessional competencies.
 - Assist in the yearly revision of course with faculty from Academic Health Center.
- PubH 3905/6905 Nutrition in Public Health Promotion and Disease Prevention, 2 credits
 - 2011 (Fall semester)
 - Interim Instructor. Taught course that included undergraduate and graduate students; incorporated experiential laboratories. Supervised one Teaching Assistant.
- PubH 6996 Clinical Nutrition Practicum, 9 credits
 - 2009-present, Spring and Summer
 - Review of clinical nutrition concepts, includes 4 simulations in spring
 - Online course in summer
 - Developed summer course, started spring semester review based on student feedback. Developed 4 cases for simulations using standardized patients. Developed all content including quizzes, assignments, evaluation rubrics. Revised syllabus yearly based on student/preceptor evaluations and accreditation standards
- PubH 6995 Community Nutrition Practicum, 8 credits
 - 2009-present, Spring and Summer
 - Review of Community Nutrition and Public Health concepts - includes student use of new audiovisual tools and “think on your feet” exercises in spring.
 - Online summer course.
 - Developed summer course, started spring semester review based on preceptor feedback. Developed all content including audiovisual tool training, experiential assignments, project assignments and evaluation rubrics. Revised syllabus yearly based on preceptor feedback and accreditation standards.

Universidad del Valle de Guatemala, Guatemala City
Instructor, Department of Nutrition and Dietetics

1989 to 1990

- Taught two upper division courses for seniors in the food and nutrition program: Advanced Therapeutic Nutrition (3 credits), and Advanced Practice Skills in Nutrition and Dietetics (3 credits).

Masters Students Advised

Served as Academic Advisor (AA) and/or Culminating Experience Advisor (CEA) or Culminating Experience Committee member (CEC) to the following graduate students:

MR, “Needs Assessment for the MOVE N’ EAT Program at the Phillips Neighborhood Clinic in Minneapolis,” 2018, (CEC).

JL, “Barriers to Healthy Eating among Vulnerable Adults,” 2018, (CEA)

SK, “Understanding the nutritional needs of transgender and gender nonconforming students at the University of Minnesota- Twin Cities,” 2018, (AA, CEC)

AG, “An evaluation of the Phillips Neighborhood Clinic’s First-Year Volunteer Orientation and Training,” 2017, (AA, CEA)

AH, “Assessing Breastfeeding Resources in Wright County, MN,” 2017, (CEC)

BD, “My summer internship with the Minneapolis Health Department,” 2017, (AA, CEA)

TL, “A Description and Evaluation of the Phillips Neighborhood Clinic’s First Women’s Health Night,” 2017, (CEC)

MD, “Exploration of feeding difficulties among Somali children diagnosed with autism in the greater Twin Cities area,” 2016, (AA, CEA)

LH, “USDA 2013 Team Nutrition Grant: Smarter Lunchroom Movement,” 2016, (CEC)

LR, “Understanding through discussion: Impact and needs of members of a social club with serious persistent mental illness post food choice changes, and skill development opportunities to make healthy food choices at home and in the community,” 2017, (AA, CEC)

JA, “Needs Assessment of Nutrition Topics of Interest to Families of Children with Autism served at the University of Minnesota Neurodevelopmental Clinic,” 2017, (AA, CEA)

AC, “Recommendations for the future of the Be Well Program at Shriners Hospital for Children in Minneapolis,” 2015, (CEA)

HS, “A guide to the development of nutrition interventions at VEAP food shelf: An analysis of the 2014 food program survey- food preparation behaviors and barriers,” 2015, (AA, CEA)

KS, “Education material evaluation for Minnesota Supplemental Nutrition Program for Women, Infants, and Children, a client’s perspective,” 2015, (AA, CEA)

RP, “Pregnant Women’s Confidence in Breastfeeding Before and After Advertising Exposure,” 2015, (CEC)

AR, “Minnesota Special Supplemental Nutrition Program for Women, Infants, and Children Educational Material Evaluation,” 2015, (CEA)

TA, “Nutritional Priorities in Iringa, Tanzania: Using Health Professional’s Perceptions and Opinions to Deliver Nutrition Education Radio Messages,” 2015, (AA, CEA)

CD, “An evaluation of body image perception among third to fifth grade participants in the Girls on the Run program,” 2014, (AA, CEA)

AR, “Formative assessment of the role of gardening on food access among Latino gardeners at the Sabathani Community Garden,” 2014, (CEC)

AG, “A content analysis of the representation of food and eating in popular adolescent television shows,” 2014, (CEC)

JB, “Evaluation of food access, perceptions of nutrition, and nutrition education among Hennepin County’s Community Addiction Recovery Enterprise participants,” 2014, (CEA)

RM, “Investigating the experiences and attitudes of women (students, staff, faculty) at the University of Minnesota who chose to breastfeed for 6 or more months postpartum.”, 2014. (AA, CEC).

KY, “Application of the Healthy Eating Index to Emergency Foodshelf network: A Food Bank Case Study,” 2013, (AA, CEC)

CK, “Physical activity and working through barriers with patients at the Phillips Neighborhood Clinic,” 2013, (CEA)

MC, “The nutrition component of a multidisciplinary weight control program,” 2013, (CEA)

- KC**, “A formative assessment of the Minnesota Food Charter,” 2012, (CEC)
SL, “PartnerSHIP 4 Health Local Foods,” 2013, (AA, CEA)
BC, “School Food Procurement Practices within Greater Minnesota School Districts: A better understanding of the Impact of Location and Size,” 2013, (AA, CEA)
CBB, “Recommendations for Developing a Research-based Patient Intake Form for a Weight Management Clinic,” 2013, (AA, CEA)
AJ, “the use of Complementary and Alternative Medicine (CAM) in the treatment of children with Autism Spectrum Disorders (ASD) in Poland”, 2012 (AA, CEA)
KC, “Exploring Beliefs Regarding the Role of Nutrition and Physical Activity in Childhood Obesity Prevention at a Psychiatric Residential Treatment Facility: A Qualitative Perspective,” 2012, (CEA)

NON-TEACHING PROFESSIONAL EXPERIENCE

Munroe Meier Institute, Omaha, NE 2016-Present

Contract Pediatric Dietitian, Pediatric Feeding Disorders Program

- Via tele-medicine, provide nutrition assessment, diagnosis, intervention, monitoring and evaluation services to patients in the Day Treatment Program. Includes assessing nutritional status, establishing and adjusting nutritional goals, working closely with feeding team, and assisting in progressing toward age appropriate feeding. Work with clinical team to adjust tube feedings or parenteral nutrition.
- Conduct nutrition assessments and provide recommendations for patients evaluated at the Pediatric Feeding Disorders Clinic.
- Monitor progress and provide nutrition recommendations for outpatients seen at the Pediatric Feeding Disorders Clinic.

Universidad del Bío-Bío, Chillan, Chile 2015-2016

Consultant, Department of Food and Nutrition

- Provided training to Chilean nutritionists and students on all aspects of the implementation of the Nutrition Care Process. All training done in Spanish.

School District 196, Eagan, MN 2013-2014

Consultant, Department of Food and Nutrition

- Provided technical assistance in the implementation and evaluation of wellness policies and USDA school foods regulations.

University of Minnesota, Minneapolis, MN 2009-present

Director, Coordinated Masters Program, School of Public Health

- Direct all aspects of a dually accredited program for students completing an MPH who concurrently complete 1,200 hours of supervised practice to become registered dietitians.
- Coordinate site and preceptor recruitment and training, including the drafting, revisions, and maintenance of affiliation agreements.
- Assign students to a total of 6 rotations over a 2-year period, evaluate progression and acquisition of competencies.
- Mentor students in professional issues.
- Evaluate all aspects of program, including conducting surveys of current students, graduates, preceptors, and employers. Utilize evaluation results to implement program enhancements.
- Have written two accreditation self-studies and undergone site visits in 2010 and 2017. No deficiencies were found during the 2017 program review and site visit.

- Serve on University-wide committees: Interprofessional training (2012-present); University Disabilities Advisory Committee (2017-present); Professional and Academic Hearing Officer for the Office of Conflict Resolution (2017-present).

Clinic 4 Kidz, Sausalito, CA 2009-present

Pediatric Dietitian, Pediatric Feeding Disorders Program

- Via tele-medicine, provide nutrition assessment, diagnosis, intervention, monitoring and evaluation services to patients being followed in the clinic. Includes assessing nutritional status, establishing and adjusting nutritional goals, working closely with feeding team, and assisting in progressing toward age appropriate feeding. Work with clinical team to adjust tube feedings.

Nutrition Coordinating Center, Minneapolis, MN 2008-2009

Project Nutritionist, University of Minnesota School of Public Health

- As part of the Hispanic Community Health Study, Study of Latinos, coordinated the work of dietary interviewers at four sites in the U.S., participated in the training of all dietary interviewers, provided technical assistance, performed quality control of all dietary intake data, conducted site visits, produced monthly newsletters, and participated in development of Food Propensity Questionnaire.

Children's Healthcare of Atlanta, Atlanta, GA 1992-2008

Clinical Nutritionist III, Department of Pharmacy and Nutrition

- 2003-2008- Developed nutrition program at the Marcus Autism Center's Pediatric Feeding Disorders Program. Served as sole dietitian, working with patients in the Day Treatment and Outpatient programs. In addition, served as Clinical Dietitian at Cardiac clinic for infants receiving palliation services for Hypoplastic Left Heart Syndrome (8 hours/week, 2004-2005); and for Pediatric GI clinic (8 hours/week, 2005-2006).
- 1992-2008 – Clinical dietitian in various services including: General Pediatrics, Neurology and Rehabilitation (1992-1994), Nephrology, Surgery, Liver Transplant (1994-1998), Cystic Fibrosis (1998-2002), Community Health Development (2002-2003).

Southern Regional Medical Center, Riverdale, GA 1990-1992

Clinical Dietitian, Department of Food and Nutrition

- Provided nutrition services to patients in general surgery, coronary intensive care unit, surgical intensive care unit, and mental health unit.

Hospital Roosevelt, Guatemala City, Guatemala 1989-1990

Pediatric Nutritionist, Nutritional Rehabilitation Unit

- Created the role of pediatric nutritionist at this public hospital. Mentored medical fellows in the Nutrition Rehabilitation Unit. Provided services to children across the hospital. Created and led the first nutrition support program, which, for the first time, provided parenteral nutrition support to infants and children, including premature infants.

International Eye Foundation, Yepocapa, Guatemala 1989-1990
Research Nutritionist, Vitamin A Intervention Project

- Created a food frequency questionnaire to administer as part of this project. Provided training and technical assistance to study personnel. Participated in study design and implementation.

Southern Regional Medical Center, Riverdale, GA 1988
Clinical Dietitian, Department of Food and Nutrition

- Provided nutrition services to patients in general surgery, endocrinology (including diabetes education), and mental health unit.

PROFESSIONAL TRAINING AND CREDENTIALS

- Licensed Medical Nutrition Therapist, Nebraska. 2016-present.
- Fellow of the Academy of Nutrition and Dietetics. 2014-present.
- Licensed Dietitian, Minnesota. 2008-present.
- Board Certified Specialist in Pediatric Nutrition. 2000-2010.
- Board Certified Nutrition Support Dietitian. 1993-2008.
- Licensed Dietitian, Georgia. 1991-2009.
- Registered Dietitian/Nutritionist (#712332). 1986-present.

PROFESSIONAL SERVICE

Association of Universities Centers of Excellence in Disabilities, Nutrition Subspecialty Unit Co-Chair, October 2018-present.

Twin Cities District Dietetic Association, Education Co-chair. June 2018-May 2020.

Latinos and Hispanics in Dietetics and Nutrition, Member Interest Group of the American Dietetic Association. Nominating Committee Co-Chair, June 2018-May 2019. Nominating Committee Chair, June 2019-May 2020.
